CANDIDATE STATEMENT FORM

Candidate's Name: A. Lavar Taylor

Candidate Statement (250 word limit):

As a tax attorney, I understand that no one wants to pay more taxes than necessary. Schools, roads, police, jails and other services we expect from government cost money and we must be prepared to pay for them through taxes. We need to focus our attention on our assets, not abandon them. I believe our children are our most important resource. I strongly support education and will reverse recent education budget cuts. Proper fiscal management is paramount to ensure that new taxes are not called for unnecessarily and existing funds are allocated properly. My experience as an Assistant U.S. Attorney, IRS attorney and private practitioner have provided me with a solid background in government and taxation to bring a practical approach to dealing with the budget.

STATEWIDE SPECIAL ELECTION
CANDIDATE STATEMENT FORM

Candidate's Name: PETER V. UEBERROTH

Candidate Statement (250 word limit):

As 1984 Los Angeles Olympics President, I earned the Time Magazine Man of the Year Award. Previous Olympics were financial disasters. The ~~1976~~¹⁹⁷⁶ Olympics virtually bankrupted Montreal. In California's Olympics, not one cent of taxpayer funds was used. Youth sports are still funded from the \$200,000,000+ Olympic surplus. Olympic glory was restored.

Democratic Mayor Tom Bradley and Republican President Ronald Reagan worked closely with me—with no partisan bickering. Thousands of Californians turned around the Olympics. They collectively deserve the credit.

I also served as Baseball Commissioner. When I started, 22 teams were losing money. The sport was in trouble. Five years later, no team was losing money. Ticket prices had not increased.

Our State faces a similar situation. Government has created a lethal job and business-killing machine. California is in an economic death spiral. We must turn our state around. The good news: we can turn California around.

Partisan warfare must end. So, mine will be a bi-partisan, independent administration. I absolutely commit not to seek re-election. This means I will spend no time campaigning, raising money, or pandering to special interests. It means I can make tough decisions.

California has been good to me. Educated in Northern California public schools, I farm in the Central Valley, and now reside in Southern California. I have ~~many~~ many businesses successes, and a few failures. Both helped prepare me for this job.

I will not accept a salary.

Working together, God willing, we will restore California's glory. I respectfully ask for your vote.

Thank you.

The undersigned author of the above candidate statement hereby declares under penalty of perjury under the laws of the State of California that such statement is true and correct.

STATEWIDE SPECIAL ELECTION
CANDIDATE STATEMENT FORM

Candidate's Name: William B. Vaughn

Candidate Statement (250 word limit):

Earthquakes and special interests threaten California every day. A new untested building code was just adopted for the state without the historic representation by structural engineers, while ignoring their concerns and the concerns of others. The safety of every citizen in our state will be more at risk and construction and administration costs will unnecessarily increase. I have been a California resident for 20 years, an engineer for 17 years, and a structural engineer for 10 years. I have seen the building codes of California improved by thousands of hours of volunteer time by structural engineers who, as a group, have been doing this for over 50 years and have become the undeniable experts in building codes to resist earthquakes in the world. I have served on many code committees to improve building safety, streamline the code, and protect Californians from earthquakes. I have designed and inspected buildings, been a former contractor, and am a member of the Structural Engineers Association of California. I am deeply concerned that the new building code was not adopted with the well-being of all our citizens in mind. It is another example of unbridled self-interest overruling science, technical expertise, and reason. We need to work together using expertise, experience, and reason as the basis of decision-making. My desire to run for governor springs from this one crucial issue. However, I can think of no more important issue than the safety of every Californian in their workplace and in the comfort of their home.
